

10th January 2020

Dear Parent/Carer

**Year 7 Darwin Science Experience Field Trip
Mainstay and Bombora Tuesday 21st January 2020**

As part of the new curriculum we have been offered the opportunity to extend learning beyond the classroom by working with The Darwin Experience.

Many pupils have experienced these workshops in Primary School and we are delighted to inform you that we have now secured funding for Year 7 pupils.

Pupils will take part in a one-day workshop looking into sustainable energies. This will involve them making a site visit to Waterston and on their return to school will be able to put what they have learned to the test by carrying out experiments.

Pupils will be undertaking this opportunity during their SCITECH classes over the course of the year.

CLASS: 7AS3
DATE: Tuesday 21 January 2020
SITE VISIT: MAINSTAY AND BOMBORA

A bus will collect pupils at 9.00am from school to take them to the site. All pupils will need a warm waterproof coat and must be in school uniform including sensible shoes. They will need to bring a packed lunch (provided for EFSM pupils).

After the field trip pupils will then return to school and will be based in a science lab to take part in follow up workshops for the rest of the day.

There is no cost for the trip, all we ask is that you return the attached consent form to your child's Science Teacher by **FRIDAY 17th January 2020**. This exciting opportunity is to enhance pupils understanding, and it must be noted that pupils behaviour and safety is of the utmost importance. We reserve the right to remove a pupil from the field trip, up to and including the day of the trip. As the trip only involves a class of pupils those pupils not attending will go to their classes as a normal school day.

Thank you for your continued support.

Yours faithfully

Miss N Sizer
