3rd April 2020

Dear Learner of Year 11 and Year 13,

We live in extraordinary times and I am so sorry that your secondary school career came to such an abrupt, and unexpected, end. Just as we were coming to terms with that, we then had the news that the summer exam schedule was to be cancelled.

We know how keen you all are to know what will happen next. Late this afternoon, April 3rd Qualifications Wales (the Board that oversees all qualifications issued in this country), have given us some further guidance on how they will approach the awarding of course results. Please click here to view this information [Link to qualifications Wales learner letter](#). Also some FAQs are available here [Link to FAQs](#)

Qualifications Wales have instructed all centres that we are NOT allowed to share any form of prediction / grade assessment with our learners. As a consequence of this, unfortunately, we will not be able to give our usual 'end of term' snapshot.

NEXT STEPS....

We know that many of you are considering college as your next step in your learning journey. We are in close contact with the local college and schools, who understand that you will be putting 'expected grades' on your online applications. You should already have enough information from recent mocks / internal assessments / classwork / coursework to be able to give realistic predictions yourselves.

Remember: You must keep working through your studies, particularly if you want to start AS level courses in the Autumn. As the letter from qualifications Wales notes " Teachers may continue to set work to ensure that all teaching and learning has been completed and help prepare you for next year"

Finally, we are sure we will be communicating with you next term but, until then, if anyone has a concern or worries about their next steps, please do not hesitate to contact us on the following email addresses:
