

Good morning Milford Haven School! I hope you are all well. Thank you for your hard work and engagement with the tasks set by your teachers during lockdown so far.

Also, thank you for your feedback about how you are finding homeschooling. As a result of your emails to your teachers, phone calls to and from school and comments we have received, we have decided to change the pattern of your homeschooling day and week to help support and enhance your learning experience.

Years 7 and 8:

From Monday 4th May, you will be set work from only one Area of Learning Experience (AOLE). You can see which subjects are in each AOLE below. The only exception is Thursday, when you will have Humanities work and ICT.

	Monday	Tuesday	Wednesday	Thursday	Friday
AOLE	SciTech	Language, Literacy & Comms	Maths & Numeracy	Humanities and Health & Wellbeing	Expressive Arts
Subjects	Science Design & Technology	English Welsh French	Maths Numeracy	Humanities Y7 History Geography RE ICT	Art Music Drama PE

- **Work will be placed in your classroom by 8:30am on the AOLE day.**
- **You will be expected to complete the work to the best of your ability and upload or send the work to your class teacher before the next AOLE day. Which means you have a week to complete each task.**
- **You can complete the work on that day or can choose what work to do and when you want to do it - as long you complete the work and send it in by the following week. EG; SciTech work is issued on Monday and you need to send it in to your teacher by Sunday night.**
- **Some subjects may join their tasks, like Music and Drama.**
- **If you require help, please email your class teacher or ask via google classroom.**
- **If you finish your task and would like more work, please email your teacher or continue to complete the homework tasks booklet issued just before Easter, which include reading and other projects.**

Years 9 and 10:

From Monday 4th May, you will be set work from only the subjects stated on the timetable below. They are organised into Areas of Learning Experiences (AOLE). You can see which subjects are in each AOLE below. The only exception is Thursday, when two AOLEs will be setting work.

	Monday	Tuesday	Wednesday	Thursday	Friday
AOLE	Science Design & Technology	Lang Lit Comms	Maths & Numeracy	Humanities and Health & Wellbeing	Expressive Arts
Compulsory subjects	-Science	-English -Welsh	-Maths -Numeracy	-RE -Welsh Bacc	
Options Subjects	-Triple Science -Construction -Engineering - Fashion and Textiles -Health and Social -Hospitality and Catering - Performing Engineering Operations - Product Design	-French -Media -Spanish	-Additional Maths -Sweet	-History -Geography -Travel & Tourism -Business -ICT -Computer Science	-Music -Art -GCSE PE -Teamwork -BTEC Sport

- **Work will be placed in your classroom by 8:30 on the AOLE day.**
- **You will be expected to complete the work to the best of your ability and upload or send the work to your class teacher before the next AOLE day. Which means you have a week to complete each task.**
- **As you are GCSE level pupils, you should be able to manage your work more effectively, so if Monday is a heavy day for your options, Thursday or Friday won't be, so as long you complete the work and send it in by the following week, you can organise what and when you complete work, as you feel appropriate.**
- **If you require help, please email your class teacher or ask via google classroom.**
- **If you finish your task and would like more, please email your teacher or continue to complete the homework tasks booklet issued just before Easter, which include reading and other projects.**

Years 11, 12 and 13:

Work has been placed on Google Classroom for you to complete. If you are looking for something specific to work on, or require some help and advice on work - please email your class teacher.

You could also start preparing for your next step in education. Read around subjects that you are hoping to do. Find out what the course content is and do some research. Be as prepared as you can!
