

My letter to year 6

Dear Year 6 pupil,

Last September I started my Secondary school journey at MHS. I came from a very small primary school which had less than 100 pupils, so the thought of going up to a massive school with thousands of pupils was quite scary. I knew quite a few older pupils and my brother was in year 11, but it still worried me that I'd get lost.

On my first day I got on the school bus and felt very nervous. All the way in I kept thinking, what if I get lost? what if I'm late to class? How do I get lunch? The older pupils on the bus reassured me that there are always older pupils and 6 form pupils and teachers about in the first week to guide you to your classes and point you in the right direction. On your first week the teachers are a little bit lenient on you being late to class, because they understand that there are so many new classes to find.

As my first week went on every day I found my way around easier and easier. Then by Friday I pretty much knew my way around and wasn't being late for classes and had sussed the dinner queue.

So basically there is nothing to worry about. The teachers are all very helpful and not scary at all. The older pupils do mess around a bit but they mean no harm and most will make themselves late for class just to take you to your next class.

Please don't worry as my first year at Milford Haven School has been great! There really wasn't anything to worry about.

Yours Sincerely

A Pupil from 7A (Dragon House)
