

Dear Yr 6's,

I am a Yr 7 pupil at Milford Haven School. The school isn't as big as you think, when I was a Yr 6 I thought the school was absolutely massive but actually after a week or so you will know where everything is just like I did. Going to Milford School I was able to meet new people from other primary schools and make new friends. I was feeling very nervous about the change of schools and meeting new people but everyone was feeling the same. The teachers are actually really supportive and if you need help or you need your confidence boosted just go to one of the teachers. When you go to Milford School make sure to try the pizza toast, it is AMAZING!! If you are worried that there is nothing to do at break times, there is always an activity for everyone. Especially if you enjoy sports there are a lot of opportunities to show your full potential and get involved.

Good luck and welcome to our school.

Year 7 pupil.
