Dear Parent/ Carer,

RE: Changes to Hospitality & Catering course delivery.

We are writing to you to explain some changes we have had to make to the way the Hospitality and Catering course is taught under the COVID-19 restrictions.

Your son / daughter has opted to study the above course at KS4. This is a vocational course, and under normal circumstances pupils would develop their practical skills through preparing and cooking a variety of different dishes in school.

We are keen for pupils to continue to participate in food practical activities, however, having reviewed the guidance for carrying out practical lessons safely, we feel that at this time we are not able to do so within the school environment.

We have therefore decided that we will demonstrate the techniques in the classroom, and pupils will then cook at home. Pupils will be given copies of the recipe as well as handouts and links to videos to support them. We will be realistic in setting practical tasks, and pupils will only require basic equipment, such as a mixing bowl, weighing scales, and a baking tray. If your son / daughter does not have access to basic cooking equipment, please let us know. Pupils who are entitled to free school meals will receive a bag of ingredients to take home following the demonstration.

We are hopeful that this way pupils are still maintaining their love of the subject and developing these vital skills while we still have restrictions in place and when we can we will resume with normal practice. If you should have any queries, please do not hesitate to contact us.

Thank you for your continued support.

Yours Sincerely

Miss P Wicks & Miss R Ace
