Dear Parents/ Carers,

RE: Asymptomatic Lateral Flow Test (home testing kits)

Thank you for volunteering to be part of the Asymptomatic Lateral Flow Testing scheme. Pupils who are registered to take part in this scheme will be required to test twice a week on set days, for Milford Haven School the selected days are on a Sunday and a Wednesday evening.

Parents who have completed the consent form for their child will receive a LFT box which contains 3 tests, once you have used the tests provided we will reissue you with a new LFT testing kit.

Pupils are not expected to complete LFT tests over the Easter Holidays. In preparation for a safe return to school we are asking all those registered for Lateral Flow Testing to please complete a test on Sunday April 11th. Once the new term begins all pupils registered for LFT testing should complete a test every Wednesday and Sunday throughout the Summer Term.

Polite reminder, once the test has been conducted each test result must be logged online at www.gov.uk/report-covid19-result

If your child receives a positive test result you will need to urgently contact the school, either via a text message to 07903491295 or email jlatham@milfordhavenschool.co.uk
In the event of a positive result your child will be required to isolate as a precaution, and you will need to book a PCR test via the NHS for your child.

If you have any questions or queries regarding LFT testing please do not hesitate to contact us at admin@milfordhavenschool.co.uk.

Kind regards

J Reynolds
